1. Call to Order –Agenda

2. April 2022 – Minutes Consideration and Approval

Motion to approve (April) minutes by Wiley; seconded by Bill. (April, 2022) minutes approved.

3. Recent and Ongoing Business

3.1 Committee Membership Roster and onboarding

4. Accident & Inspection Reports

4.1 Accident Reports

UHDS was recognized for constant reporting of accidents and injuries. Encouraged to keep it up.

4.2 Fire Safety Inspections

4.3 Facilities Monthly Life/ Safety Work Orders/ Report

4.4 On-Call Log / Report of Any Unsafe Conditions

Sewer smell in Nash. Determined to be dry sewer traps.

Sulphur smell in Weniger from a chemical being used in the lab. Fume hood is down, but repair request has been submitted and alternate storage solution implemented.

5. Updates and New Business

5.1 AED policy review with Dan Kermoyan

Current policy requires that all AEDs be taken care of by a designated person and have a trained user in each building. EHS only tracks certain AEDs and certain units are responsible for their own AEDs. Unsure if all units are aware of AEDs in their buildings or of the requirements surrounding them. Discussion will be held to determine best way to improve the policy. There was a link included to be able to see the current location of AEDs on campus: <https://ehs.oregonstate.edu/aed-map>

5.2 Starship robots & pedestrian safety with Brian Stroup

Ongoing discussion of ensuring that robots are moving safely through campus. Any reports or concerns have been sent to Starship directly in order to provide continuous improvement. Currently there are 80 units on campus. Bottlenecks cause a queue of robots at certain intersections which can be problematic. Starship is aware of this problem and is able to help control them manually. If there is an incident, there is direct communication with the control room so that they are immediately aware. Public safety does have the ability to communicate with Starship as well to alert them of potential problem areas. In concern for community members who might have mobility challenges the robots are routed to avoid areas that might cause them a problem. If anyone sees something problematic, please reach out to UHDS so that they can try to correct the problem.

5.3 Safety Walks

Files are in Box so the 2022 safety walks can begin. The signup sheet, instructions, and routes are all available. All committee members are encouraged to pick a route. They are requested to be finished and results submitted by Fall.

5.4 Committee Officer volunteers/nominations/vote?

Chair elect needs to be nominated. They will become chair in a year and will fill in when the chair is not able to attend. Tabled until next month in lieu of any nominations to determine proper procedure.

6. Safety Training: Upcoming/ Planned/ Updates
