1. Call to Order – Agenda

2. November 2023 – Minutes Consideration and Approval

November 2023 UHSC minutes were approved.

3. Ongoing Business items discussed

- 3.1. Total Worker Health Presentation – This presentation occurred on December 14th for UHSC members. It was an excellent introduction to the Total Worker Health concepts. The next step will be for SAIF to provide a presentation for our senior management. This will occur in January.
- 3.2. Safety Culture Survey –A meeting with the provost is scheduled for January 2024. The recommendations from the workplace safety task force have been submitted. More to come after the first of the year.
- 3.3. Official Safety Committee Invitations – Carrie sent the official invitations out to those members that have not officially been welcomed to the UHSC. There are no additional updates at this time.

3.4. SEIU and Graduate Students Union representatives for UHSC – As soon as Winter term begins, we have been informed that there will be an SEIU representative for our UHSC. We will plan to welcome that individual when the time comes.

3.5. Chainsaw Safety Training occurred in December for the Department of Forestry.

4. New Business items to be discussed at next meeting

4.1. Possible recordings of UHSC meetings – Is this possible? This would allow UHSC representatives to view if they are unable to be in attendance.

5. Accident & Inspection Reports

5.1. Quarterly accident data summaries were discussed; Optimum flow of information would be disseminating to the departments and college safety advisory committees for local control follow-up.

5.2. Advocate accident management system will be replaced by Riskconnect. However, the contract for Advocate Accident Risk Management has been extended through next year; Riskconnect will be the campus’ new tracking system and with new capabilities for analyzing data trends; Safety Culture Task Force recommendation will be to establish department safety contacts and safety advisory committees who can directly review and address accident causation. Timeline of implementation will be shared once details are finalized.

5.3. On-Call Log/Report of any Unsafe Conditions

5.4. Fire Safety inspections for January 2024:

5.4.1.1. Fire and Life Safety’s focus for January 2024:
