Subject: [Inform-c07] Please participate in an important employee safety perception survey for OSU
Date: Thursday, February 23, 2023 1:30:51 PM

Oregon State
University

Finance & Administration
Mike Green

OSU Colleagues,

On January 23, President Murthy and Provost Feser affirmed [OSU's commitment to workplace safety](#) and shared ways OSU is planning to implement and encourage a culture of safety through the recommendations of the [Workplace Safety Culture Task Force](#).

The Workplace Safety Culture Task Force's first recommendation is to perform an [employee safety perception survey](#). OSU has partnered with the National Safety Council (NSC) to perform this survey, leveraging their employee safety perception survey expertise that has been benchmarked with over 1,400 organizations.

This is your opportunity to express opinions and observations that will improve workplace safety for you and your coworkers at OSU related to occupational and environmental health and safety issues. **Occupational and environmental health and safety includes encouraging workplace safety by preventing and reducing accidents, injuries, emergencies and health issues in OSU workplaces; and preventing and reducing any environmental damage that could result from work practices.**

[This survey](#) should take approximately 15 minutes to complete.

Your survey response is anonymous, and confidential. Responses will be sent directly to the National Safety Council (NSC). Survey results will be summarized and shared with OSU to help evaluate trends and overall workplace safety culture perceptions. The survey closes on March 24, 2023.

If you have any questions please email safetysurvey@nsc.org or Tom Doyle, director of Environmental Health & Safety at thomas.doyle@oregonstate.edu.

Thank you for your participation,

Michael J. Green
Vice President for Finance and Administration
Chief Financial Officer

Irem Y. Tumer, Ph.D., ASME Fellow
Vice President for Research
