

## RE: Laboratory Safety Requirements and OSU Environmental Health & Safety Resources

*The Laboratory Safety Requirements below apply to all OSU research, teaching, and support spaces that use or store chemicals; The requirements have been approved by the OSU Executive Compliance Committee and the OSU Provost's Council.*

*The items below are to be certified complete each year by the Principal Investigator or supervisor. After completion, please acknowledge this by using the [Qualtrics survey link](#).*

- ✓ Chemical Inventory: The [On-Line Chemical Inventory Acknowledgment](#) is required to be completed annually. This allows the University to be in compliance with the Office of the State Fire Marshal for inventory reporting.
- ✓ Chemical hygiene plan: A Chemical hygiene plan is required by Federal and State OSHA for all laboratories that use or store chemicals. [Laboratory Specific Chemical Hygiene Plan template](#).
- ✓ Chemical Labeling: Chemical and waste container labeling is required by EPA and Oregon DEQ regulations. [Chemical container labeling](#); [Waste container labeling](#).
- ✓ Safety Training: Initial and refresher (every 3 years) training for each employee is required by EPA, Oregon DEQ, and OSHA regulations. [General Lab Safety](#); [Hazardous Waste](#); [Safety Data Sheets](#); [Lab Safety Awareness for Non-lab personnel](#).
- ✓ Laboratory Self-Assessments: A self-assessment is required annually and will help fulfill Chemical Hygiene Plan requirements. [Laboratory Safety Self-Assessment form](#); [Self-Assessment Guide](#).
